Every year Change the World MUN Conference brings together in New York City over 3000 students from all over the world to create the largest international youth forum on the planet. The experience is designed for young people who want to get involved to change the world.

Change the World is an opportunity to grow, to learn how to relate to people who have a different way of thinking and become citizens of the world. CWMUN is a unique event where students, political leaders, sports champions and geopolitics experts come together to discuss future, cooperation and sustainability.

WHAT IS A MUN CONFERENCE?

A Model United Nations (MUN) is an educational simulation of the UN System where students can learn about diplomacy and international relations. During a MUN Conference, students work as delegates at the UN, to solve specific problems together with other international delegates. MUN teaches participants research, speaking, debating, and writing skills, along with critical thinking, teamwork, and leadership abilities. It is meant to engage students and allow them to develop deeper understanding into current world issues.
